<thead>
<tr>
<th>Outcome 1:</th>
<th>Products and Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>A multi-partner ownership is effectively governing IPC at the global, regional and national levels, with regional and national governments taking a leading role, and IPC is institutionalized within partner structures, frameworks and strategies.</td>
<td>The IPC tool is integrated in SADC Food, Agriculture and Natural Resources (FANR) Directorate frameworks &amp; is utilized and supports country / regional information systems. The relevant program in this directorate is the SADC Regional Vulnerability Assessments and Analyses Programme Management Unit (RVAA PMU) which coordinates the work of the National Vulnerability Assessment Committees (NVACs) in the SADC Member States.</td>
</tr>
<tr>
<td></td>
<td>The IPC is institutionalized in medium and long term RVAA PMU workplans as well as stakeholder institutions workplans in the region; and in the National Vulnerability Assessment Committees (NVACs – also IPC TWGs) in Member States.</td>
</tr>
<tr>
<td></td>
<td>The IPC regional Partners (SADC, FEWS NET, FNSWG) have IPC institutionalized and integrated into their programmes.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Outputs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.1: The IPC Global SC and the Regional and Country Level IPC TWG are effective multi-stakeholder owned processes that are leading the roll-out of the IPC at the global, regional and country level, respectively.</td>
</tr>
<tr>
<td>1.2: IPC is institutionalized within Regional International Governmental Bodies and National Government institutions and is integrated into their programmes, policies and frameworks</td>
</tr>
<tr>
<td>1.3: IPC is institutionalized within IPC global partner agencies and integrated into global programmes, strategies and frameworks</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Outcome 2:</th>
</tr>
</thead>
<tbody>
<tr>
<td>IPC food security analysis is professionalized and IPC Regional, Country and Global partners have increased and decentralized technical capacity in IPC.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Products and Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>The SADC RVAA Programme facilitates regional and national levels trainings and selection of relevant participants for Cross Country Exchange Learning Programme to facilitate fulfillment of the requirements of IPC Level 1, 2 and 3 Certification.</td>
</tr>
<tr>
<td>The RVAA IPC Coordinator easily access training materials and ensure that they are effectively used by certified trainers to generate products compatible to global standards, including the use of the IPC Information Support System (ISS).</td>
</tr>
<tr>
<td>IPC is integrated into curricula and programmes of partner tertiary institutions like the University of KwaZulu Natal’s center of excellence, University of Cape Town, etc; as they offer food security courses to analyst from Member States.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Outputs</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.1: IPC technical capacity is widespread in partner agencies, decentralized at regional and national levels, and professionalized with the IPC Level 1, 2 and 3 Certification.</td>
</tr>
<tr>
<td>2.2: IPC tools, training and learning materials are developed at high standard, easily accessible and effectively used</td>
</tr>
<tr>
<td>2.3: IPC is integrated into academic, university and/or center of excellence curricula and programmes</td>
</tr>

# IPC GLOBAL STRATEGIC PROGRAMME (2014-2016)

## MISSION GOAL

CONTRIBUTE TO THE ERADICATION OF WORLD HUNGER AND FOOD INSECURITY

## STRATEGIC OBJECTIVE

IPC IS USED BY DECISION MAKERS WORLDWIDE PROVIDING EVIDENCE AND STANDARDS FOR BETTER DECISIONS AND IS EFFECTIVELY INFORMING IMPROVED EMERGENCY AND DEVELOPMENT PROGRAMMING AND POLICY

**STRATEGIC OBJECTIVE INDICATOR:** IPC IMPACT ON DECISION MAKING AT THE GLOBAL, REGIONAL AND COUNTRY LEVEL (METHODOLOGY - BASELINE, MONITORING, AND END LINE IPC IMPACT STUDY)

## LOGFRAME OVERVIEW IPC SOUTHERN AFRICA

### Outcome 3:
IPC products are of high quality and relevant for decision makers through continuous application, learning and technical development of the tools.

#### PRODUCTS AND SERVICES

- The RVAC IPC TGW through the SADC RVAA programme ensure that countries that implement the IPC adhere to global standards and high quality of analysis through various initiatives in the IPC events carried out in the region.
- The RVAC IPC TGW through the RVAC IPC Coordinator document lessons learnt and provide reports of IPC implementation and experiences in the region to regional Structures like the RVAC, the FNSWG, and the SADC secretariat at large to solicit inputs that will be forwarded to the GSU for technical development.
- Existing partnerships with African Centre for Food Security’s (ACFS) Centre of excellence and other tertiary institutions involved in Food Security (e.g. University of the Free State, Bunda College of Education) are used to improve linkages of IPC with emerging priority areas including climate change, resilience and gender.

#### OUTPUTS

| 3.1: | Countries are implementing IPC as per global standards and compliance, with high quality of analysis and products across regions and countries |
| 3.2: | IPC chronic and acute tool continue to be relevant through ongoing lessons learnt and technical development |
| 3.3: | IPC tools for a more comprehensive IPC food and nutrition security classification system are piloted and developed |
| 3.4: | Applied research partnerships are formed to improve linkages of IPC with emerging priority areas including climate change, resilience and gender |

### Outcome 4:
Global, Regional and Country level decision makers have access to timely and relevant IPC analysis to inform programming in emergency and developmental contexts.

#### PRODUCTS AND SERVICES

- Training events for decision makers are organized by the National IPC TGWs in collaboration with the RVAC IPC TGW, and implemented to enable understanding and effective application of the of the IPC tool.
- Dissemination of IPC products by the National IPC TGW and the RVAC IPC TGW is robust and allows decision makers to have appropriate and timely IPC messages and recommendations for actions.
- For the countries in the region that are engaged in response analysis, for the Response analysis initiatives led by the Food and Nutrition Security Working Group of Southern Africa and the Cabinet Sub-committees on Food security in the Member States IPC Products must be made available as inputs.

#### OUTPUTS

| 4.1: | Decision makers understand the IPC tool and can apply it for improved programming and policy |
| 4.2: | Decision makers have appropriate and timely IPC messages and recommendations for actions |
| 4.3: | IPC Strategic Decision Maker Engagement Plan is implemented at global regional and country level for increased impact |
| 4.4: | IPC Acute and Chronic analysis is effectively informing emergency response and development programming and policy |
## IPC Global Strategic Programme (2014-2016)
Results Chain and Link with GLOBAL, REGIONAL and NATIONAL Products and Services
